

NORIMA CONSULTING FEATURED AS NATIONAL RESEARCH COUNCIL INDUSTRIAL RESEARCH ASSISTANCE PROGRAM (NRC IRAP) SUCCESS STORY

Winnipeg (January 18, 2018) Norima Consulting Inc. (“Norima”) was featured today as a Success Story under the National Research Council of Canada Industry Research Assistance Program (NRC IRAP) for Norima’s participation in [Medolution](#), an international R&D project consortium aimed at developing smart health solutions for populations with chronic and complex health conditions.

“This is the way of the future—to tackle big challenging problems through innovative R&D collaboration with many different players around the world,” said David Kuik, CEO of Norima Consulting.

Special thanks to our NRC IRAP Industrial Technology Advisors (ITAs) Patrick Sheedy and Travis Takeuchi, who have been instrumental in their work to turn this unique opportunity into reality.

ABOUT THE NATIONAL RESEARCH COUNCIL OF CANADA INDUSTRIAL RESEARCH ASSISTANCE PROGRAM (NRC IRAP)

The National Research Council-Industrial Research Assistance Program (NRC-IRAP) is Canada's premier innovation assistance program for small and medium-sized enterprises (SMEs). It is a vital component of the NRC, a cornerstone in Canada's innovation system, regarded world-wide as one of the best programs of its kind.

ABOUT NORIMA

For over 10 years, Norima Consulting Inc. has been transforming businesses by leveraging the right technology, at the right time, by, and in collaboration with, the right people. We facilitate faster, more efficient business processes to improve your company’s bottom line, enhance your competitive advantage, and enable you to engage, understand, manage and serve your customers and clients more effectively. We have offices in Winnipeg and San Diego, and we offer technology consulting and strategic resourcing, to organizations in Canada and the United States, across industries.

Norima provides the services of well-educated, highly trained, and experienced professionals who share a passion for solving complex organizational problems with technology-based solutions, and for fast-tracking innovation initiatives. We are passionate about working with organizations that are leveraging technology to innovate and enable the next stage of growth.
