

NORIMA CONSULTING CERTIFIED AS A GREAT WORKPLACE

Norima Consulting is Officially Certified as a Great Place to Work®

Winnipeg (October 1, 2017) Norima Consulting Inc. (“Norima”) is proud to announce that it has been certified as a GREAT WORKPLACE after a thorough and independent analysis conducted by Great Place to Work® Canada. This certification is based on direct feedback from employees, provided as part of an extensive and anonymous survey about the workplace experience.

Norima is committed to creating a great workplace culture, which includes continual investment in innovation in all parts of our business. We are passionate about creating a culture of continuous growth and development.

“Our management team knows what it’s like to be a Consultant responsible for consistent, daily delivery,” says CEO David Kuik. “At Norima, we have worked (and continue to work) to build a company that provides a support network to raise up our team of dedicated, passionate Consultants. At the end of the day, it’s our team that really sets us apart and allows us to deliver unmatched value to our clients.”

Norima provides competitive benefits packages in both of our locations (Winnipeg and San Diego), as well as professional development planning and opportunities, dynamic learning groups, regular touchpoints between managers and employees, employee engagement surveys, and an employee loyalty program for Consultants that have been with us for 10 years or more.

This past year, Norima celebrated 10 years of excellence in business. From its humble beginnings in 2006 as a single-employee start-up, to three founding partners working in Winnipeg and San Diego, Norima today has over 95 Consultants across Canada and the United States, and has worked with over 100 clients.
