

## NORIMA CONSULTING CELEBRATES 10 YEARS OF EXCELLENCE IN BUSINESS

*Norima Consulting Celebrates 10 Years in Business with Anniversary Celebrations*

**Winnipeg (September 14, 2017)** This year, Norima Consulting Inc. (“Norima”) marks 10 years of excellence in business. From its humble beginnings in 2006 as a single-employee start-up in a home basement in Winnipeg, to three founding partners working in Winnipeg and San Diego, Norima has grown to over 95 Consultants across Canada and the United States, and has worked with over 100 clients.

Throughout the month of September, Norima will be celebrating with a series of events to thank those who have been instrumental in Norima’s success. Festivities include a Client Appreciation Event to thank and recognize those clients and partners that have entrusted us to support their success over the past 10 years, as well as an Employee Appreciation Event to thank and recognize the incredible team at Norima.

“We have never shied away from change, and we are always keeping our eye on new techniques, processes and services in order to stand apart in this era of constant disruption,” says CEO David Kuik. “But, at the end of the day, it is our team that really sets us apart. It is, without a doubt, our dedicated, passionate team—and the quality and consistency of our service delivery—that has allowed us to establish ourselves as trusted advisors and to grow consistently in both size and revenue for over a decade.”

Norima provides the services of well-educated, highly trained, and experienced professionals who share a passion for solving complex organizational problems with technology-based solutions, and for fast-tracking innovation initiatives. We are passionate about working with organizations that are leveraging technology to innovate and enable the next stage of growth.

### ABOUT NORIMA

For over 10 years, Norima Consulting Inc. has been transforming businesses by leveraging the right technology, at the right time, by, and in collaboration with, the right people. We facilitate faster, more efficient business processes to improve your company’s bottom line, enhance your competitive advantage, and enable you to engage, understand, manage and serve your customers and clients more effectively. We have offices in Winnipeg and San Diego, and we offer technology consulting and strategic resourcing, to organizations in Canada and the United States, across industries.

Norima provides the services of well-educated, highly trained, and experienced professionals who share a passion for solving complex organizational problems with technology-based solutions, and for fast-tracking innovation initiatives. We are passionate about working with organizations that are leveraging technology to innovate and enable the next stage of growth.
